

WELCOME TO THE PEAK

JOIN US IN MIAMISBURG, OHIO IN LATE JULY FOR THE HIGH POINT OF THE 2025 EVENT CALENDAR.

If precision grinding is part of your workflow, we'll make this simple: you need to attend The Precision Summit 2025. It's packed with business-changing content (and plenty to eat and drink), so we hope you can make it out to the Dayton area this summer.

5 REASONS TO ATTEND

- See the latest premium and entry-level grinding machines from UNITED GRINDING
- Get grinding software tips and tricks to boost productivity in a big way
- Learn how UNITED GRINDING automation can help you improve efficiency
- Find ways to take advantage of U.S. manufacturing
- Network with industry peers and suppliers and get 1-on-1 access to the best minds in CNC grinding

5 THINGS YOU CAN EXPECT

- Live demos on numerous UNITED GRINDING machines across our Tool, Cylindrical and Surface & Profile Divisions
- A keynote speech by Christopher Chidzik, Principal Economist at AMT
- Seminar provided by Jeffrey Badger, aka The Grinding Doc
- 15+ vendor partners offering expertise in metrology, coolant delivery, filtration, workholding, abrasives and more
